

TINNITUS MEETING

Subject: Progressive Tinnitus Management

Guest Speakers:

Suzanne MacLaren, M.A., R. Aud Clinical Audiologist with Alberta Health Services,
Tinnitus Resource and Education Specialist with expertise in Tinnitus Retraining Therapy

Deborah Lain, BA, MSc, Registered Psychologist Psychologist & Tinnitus Health
Specialist, specializing in CBT designed to teach strategies that reduce emotional distress associated with
tinnitus & improve quality of life

PTM or “Progressive Tinnitus Management” is becoming a new treatment protocol for Tinnitus. It was developed in the VA hospitals of the United States to treat the large number of military personnel who have developed severe Tinnitus.

With their commitment to always stay current with Tinnitus treatment as it evolves, Deborah and Suzanne have studied the work of Dr. James Henry and others who have developed and used this treatment.

They will present an overview of the treatment and stay to answer questions.

Anyone with an interest in Tinnitus is welcome to attend.

Location: Deaf & Hard of Hearing Society
63 Cornell Rd. N.W.

Date: Sunday January 29, 2012

Time: 2 - 4 pm

Meeting is accessible with Real Time Captioning & Assistive Listening Devices.
