

TINNITUS MEETING

Subject: Latest Tinnitus Research

Guest Speaker: Dr. Jos Eggermont

Dr. Jos Eggermont is an internationally renowned Tinnitus researcher, a faculty member at the University of Calgary, who conducts Tinnitus research based at the Alberta Heritage Foundation for Medical Research.

Dr. Eggermont will have just returned from an international tinnitus meeting with tinnitus researchers from around the world. There they present their latest findings and what treatments are coming out of this research.

There is promising new Tinnitus research and Dr. Eggermont will be discussing this research and what it means to us. He will be available for questions after his presentation.

Anyone with an interest in Tinnitus is welcome to attend.

Location: Deaf & Hard of Hearing Society
63 Cornell Rd. N.W.

Date: Sunday March 25, 2012

Time: 2 - 4 pm

Donations accepted at the door.

This meeting is accessible with Real Time Captioning & with Assistive Listening Devices.

ASL Interpreters are available upon request.
