

## **Hope for Tinnitus Consultations outside of Alberta Disclaimer**

Please be informed that I am a registered psychologist licensed to practice in the province of Alberta in Canada. If you live in a remote area or have no access to specialized services for tinnitus management, you can contact me to book a consultation. A consultation will be educational with recommendations on how to access the resources necessary for tinnitus management. It does **not** represent a therapeutic relationship. If, in addition to tinnitus, you are dealing with mental health issues, it will be necessary for you to have a therapeutic relationship with a qualified professional in your area.

As I am not able to provide ‘therapy’, you will **not** be able to claim any consultation fees. This will be private pay only with no option for reimbursement. If you understand, and agree to these terms, please sign, and date the consent to connect for consultation purposes only:
